

EDUCATION

Sri Eshwar College of Engineering	B.Tech-AI-DS	CGPA: 7.56 (upto 5 th sem)	2023-2027
Sri Vidya Mandir Matric Higher Secondary School	HSC	86%	2022-2023
Sri Vidya Mandir Matric Higher Secondary School	SSLC	PASS	2020-2021

INTERNSHIP

JAVA FULL STACK INTERN- (RAMPeX Technologies) 2025

Trained to develop a full-stack web application using Spring Boot, React, and MySQL, implementing JWT-based role authentication for secure access control. Designed and integrated backend modules with robust unit testing using JUnit and Mockito.

PROJECTS

Realtime Leaderboard System | [Github](#) 2026

Tech Stacks : SpringBoot with Java, React, Spring Security, MySQL, Redis, kafka

Developed a scalable Realtime Leaderboard System using Spring Boot and Microservices Architecture, supporting **1000+ concurrent users** with Redis-based real-time ranking updates under **100ms latency**. Integrated Kafka for asynchronous event processing capable of handling **10,000+ score events/minute** while securing the system using JWT-based authentication.

AI Powered Career Copilot System | [Github](#) 2026

Tech Stacks : SpringBoot, Spring Security, Spring AI, React.js, PostgreSQL

Built an AI-Powered Career Copilot Platform using Spring Boot, Spring AI, React, and PostgreSQL, supporting ****500+ AI-based mock interview evaluations**** and personalized resume analysis. Integrated Gemini API with JWT authentication and semantic skill matching, improving contextual feedback accuracy by ****40%****.

Job Portal System | [Frontend](#) | [Backend](#) 2025

Tech Stacks: SpringBoot with Java, React, Spring Security, MySQL

Developed a Job Portal System using Spring Boot and React with JWT-based role authentication for Admin, Employer, and Candidate modules. Built responsive REST APIs and optimized MySQL queries, improving backend response performance by **40%** and supporting **500+ job postings/applications**.

CERTIFICATIONS

Certificate from Skillrack in Java Programming	2024
Java Spring Framework and SpringBoot – Udemy	2025
Mastering Data Structures and Algorithms Using C and C++ – Udemy	2024
SQL(Basis) – HackerRank	2024
AWS Academy Graduate-Cloud Foundations _ AWS ACADEMY	2025
AWS Certified Cloud Practitioner – AWS	2026

SKILLS

Programming	Java, C++(basics), JavaScript, Python(basics), SQL
Concepts	Object-Oriented Programming, Data Structures & Algorithms, REST API
Frameworks	ReactJS, SpringBoot, Spring, Spring MVC, Hibernate
Databases	MySQL, MongoDB, PostgreSQL
Tools	Git, GitHub, VS Code, IntelliJ, Eclipse
Testing	Selenium WebDriver(Basics), Automation testing, Postman, API testing, Software Testing

ACHIEVEMENTS

<u>LeetCode</u>	Solved 200+ Problems with the contest rating of 1550+ Profile
<u>CodeChef</u>	Solved 370+ Problems with the peak contest rating of 1017 Profile
<u>HackerRank</u>	Achieved 3 stars in Python, 4 stars in SQL Profile
<u>Skillrack</u>	Solved 300+ problems Profile
