EDUCATION

B.E(CSE) - Sri Eshwar College of Engineering, Coimbatore CGPA:7.2(up to 5 th sem)	2023-2025
HSC - Evans Matriculation Higher Secondary School PASS	2020-2021
SSLC - Alponsa Matriculation Higher Secondary School 66.6%	2021-2023

INTERNSHIPS

MERN Stack Development - RampeX Technologies Completed a two-phase MERN Stack internship at RampeX Technologies, where I developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Gained hands-on experience with RESTful APIs, component-based architecture, state management, and secure backend integration using JWT. Projects built during the internship include the E-Commerce Website. - JAN '25

PROJECTS

E-commerce Platform: **Tech stack:** MERN stack **2025**

The platform features user authentication, allowing customers to manage their accounts and track orders. Within the admin interface, administrators can add, update, or remove products, manage inventory, and process orders efficiently. The system integrates secure payment gateways and ensures a seamless shopping experience with a responsive UI.

URL Shortener System: **Tech stack:** MERN stack **2026**

Built a full-stack URL shortener that generates short links, validates destination URLs, and redirects reliably. Added user authentication and security controls (rate limiting, input validation) to prevent abuse. Implemented analytics to track link performance (e.g., clicks, devices/browsers, locations) and provided a dashboard to monitor usage and engagement.

CERTIFICATION

Udemy - Learn JAVA Programming – Beginner to Master.	2024
Udemy - The Complete Introduction to SQL Programming.	2024
Udemy - The Complete C Developer Course – Build 7 Exciting Projects.	2023
Udemy - Mastering Data Structures & Algorithms using C and C++.	2023
NPTL - Practical Cyber Security for Cyber Security Practitioners – 95% (Gold Elite).	2025
NVIDIA - Fundamentals of Deep Learning	2025

TECHNICAL SKILLS

Languages - C | C++ | Java | Python |

Core Concepts - DSA | OOPS

Web Technologies - HTML | CSS | JavaScript

Frameworks - React JS

Query Language - MySQL | MongoDB

Tools - VS Code | Cisco Packet Racer | GNU Octave
| Excel | Oracle

PROBLEM SOLVING RANKINGS

[Leetcode](#) rank: 702,922

FIELD OF INTERESTS
